Richard J. Allan Nominated To Lead Dept. of Conservation And Natural Resources

Gov. Tom Corbett this week nominated Richard J. Allan, of Camp Hill, Cumberland County, as secretary of the Department of Conservation and Natural Resources.

"Richard Allan is a proven leader and commands a wealth of knowledge and experience in environmental and energy issues," Gov. Corbett said. "I am confident that his abilities and background will be a tremendous benefit to DCNR, especially during this critical time in the

agency's history."

Since 1991, Allan has served as executive director for the Pennsylvania, Maryland and Delaware members of the Institute of Scrap Recycling Industries, the national trade association that represents the recycling industry. Since 2005, he has also been a consultant to energy producers in the electric, wind, solar and coal sectors.
